

How to make an appointment

The consultations here in this hospital require making previous appointments for first and return visits.

Please make appointments in accordance with the following procedures.

Appointment to be made by the patient or the family

Appointment for first visit

For all the departments and centers, appointment for first visit should be made by sending the application form via fax. In addition, if a referral letter from other medical institute were not available, you would be additionally charged ¥5,000 (tax excluded amount) for a “SENTEI RYOYOHI”, an additional fee for a first-time patient without a referral, at the time of the first visit separately from normal fee for consultation.

If you wish to request for consultation here, please fill in the below form and send it to us by fax or by post, after you agree to above mentioned condition.
